6. Judging to Determine Regional Finalists, Global Finalists, Award Winners, and Grand Prize Winner:

A. Judging:

The Entry requirements and the criteria below shall, collectively, be considered the “**Criteria**” for purposes of these Official Rules. A panel of representatives of the Sponsor (the “**Judging Panel**” or “**Judges**”) will determine the manner and process by which Eligible Entries are assessed in their sole discretion.

Section 1: Summary

An excellent summary will provide a clear, brief overview of the question or problem you are investigating, the stages of your project, what you set out to achieve and how far you succeeded.

Section 2: About me / the team

Excellent Entrants/Teams will show a real passion for science or engineering and be able to present their ideas with confidence, clarity and enthusiasm, and explain what winning would mean to them.

***Section 3: Question / Proposal**

An excellent question or proposal will be interesting, creative, worded scientifically and relevant to the world today. Entrants/Teams will include a hypothesis or expected outcome that leads on from the question, is tightly focused and builds on existing knowledge.

Section 4: Research

Excellent Entrants/Teams will undertake research to help them shape their Entry and to put their work into a relevant, real-world context.

***Section 5: Method / Testing and Redesign**

Excellent Entrants/Teams will demonstrate that they have used good experimental techniques or testing processes and describe their method clearly and in detail.

***Section 6: Results**

Excellent Entrants/Teams will record relevant data, results or observations accurately, present them clearly and will describe patterns or trends supported by these.

***Section 7: Conclusion / Report**

An excellent conclusion or report will explain how the experiment or testing answers the question or problem, or why it fails to do so and whether or not it supports the hypothesis.

Section 8: Bibliography, References and Acknowledgements

Excellent Entrants/Teams will acknowledge and provide clear references for sources of information that they have consulted and/or referenced and acknowledge any assistance received (e.g. to find equipment and materials, to stay safe or to use unfamiliar equipment or techniques).

B. Determining the Regional Finalists:

A Judging Panel will review and rank all Eligible Entries submitted. A Head Judge will be assigned to make a final decision as needed. During this round of judging, the Judging Panel may only read the sections marked with an asterisk above (Sections: 3 (Question/Proposal), 5 (Method/Testing and Redesign), 6 (Results), and 7 (Conclusion/Report)). If you exceed the stated word and length limits, there is no guarantee that the judges will read or watch beyond the limits stated in these rules. Entrants may provide additional supporting content in any section (e.g. embedding documents created in Google Docs/Sheets/Slides, or YouTube created videos). However, the Judging Panel is not required to read this supporting content.

The Criteria and maximum score for each Entry section is:

- 1) Question / Proposal (maximum score 5)
- 2) Method / Testing and Redesign (maximum score 15)
- 3) Results (maximum score 15)
- 4) Conclusion / Report (maximum score 15)

50 is a perfect score.

The top one hundred (100) highest scoring entries: eight (8) per age group (13-15 and 16-18) in each of the three (3) Regions (EMEA, APAC, US) from each of the two (2) Categories (Experimenting and Engineering), plus four (4) Wild Cards, will be deemed the “**Potential Regional Finalists**”.

Before the Regional Finalists are published, the preliminary Judging Panel will read the top-scoring entries in full to ensure that the scientific method or engineering processes followed are sound, and there are no breaches of these Official Rules. If a potential Regional Finalist is determined to have breached these Official Rules they will be disqualified and the next highest scoring entry within the corresponding Category/Age/Region will be vetted and confirmed as a Regional Finalist.

Regional Finalist Posting: The 100 Regional Finalists will be posted on the Competition Site on or about July 12, 2016.

C. Determining the Global Finalists:

The Regional Finalist Judging Panel will score all Regional Finalist entries to obtain four (4) potential age group Finalists for each of the two (2) age groups (13-15, 16-18) per Category (Engineering and Experimenting) – a total of eight (8) in each Category – a total of 16 Potential Global Finalists, based on the applicable Criteria listed above. Regional Finalists may be asked to participate in a phone and/or video interview with a representative of the Judging Panel. The Judging Panel may also seek references from Regional Finalists' teachers or mentors.

The Judging Panel will identify up to sixteen (16) highest scoring entries (eight (8) per age group) which will be deemed the **"Potential Global Finalists"** and will be eligible to win the Category Awards, as further described below. Six (6) alternates (three (3) per age group) will be selected using the same criteria ("Alternates"). All Potential Global Finalists and Alternates will be required to sign and properly execute an Affidavit (or, a Certificate or Declaration (as applicable)) of Eligibility and Publicity Release, unless prohibited by law; an Entrant Agreement and Release; such other and further agreements as may be required by the Sponsor; (together, the **"Releases"**) and a travel release document and return them via email or facsimile (and subsequently by mail to the Competition Administrator) by the date specified in an e-mail notification.

If a Potential Global Finalist is a minor in his/her jurisdiction of residence, the Releases must be filled out and signed by Entrant's parent or legal guardian, who will be responsible for fulfilling all requirements imposed on minor Finalists stated in these rules (and, in addition, if the Potential Global Finalist is a minor in Spain, the Entrant's parent or legal guardian will need to notify Public Prosecutor (**"Ministerio Fiscal"**) of the content of the Releases). If any Releases sent to a Potential Global Finalist are returned as undeliverable, if a Potential Global Finalist cannot be reached within a reasonable time period or fails to properly execute and return all Releases described in these rules within the time period noted, or if a Potential Global Finalist is found not to be eligible or not in compliance with these Official Rules, the Potential Global Finalist will be disqualified and, at the sole discretion of the Competition Administrator, the individual who submitted the next highest scoring Entry will be notified, time permitting. Please note that the "Affidavit of Eligibility and Publicity Release" contains consent to use Finalists' full names, likeness, city of residence, background, stories, and photographs for promotional purposes and without additional compensation. For the avoidance of doubt, the refusal of such consent will not prevent Potential Global Finalist from receiving the applicable prize.

D. Determining the Winners:

The sixteen (16) Global Finalists will be awarded the Global Finalist Prize, a trip to Google Headquarters in Mountain View, CA to participate in the final winner selection event to be held on or about September

27, 2016. Finalists will be required to attend the event for a predetermined number of days. At this event, a “celebrity” Judging Panel will review each Entry and will select the Category Award Winners. A Head Judge will be assigned to make a final decision as needed. Each Entrant will present their Entry to the “celebrity” Judging Panel. The Judges will select from among the Global Finalists one (1) Category Winner for each of the four (4) Category Awards based upon the two (2) highest-ranking Entries in each Category. Then, the judges will select one (1) Grand Prize Winner from among these four (4) Category Winners. (The entrant with the next highest score in the corresponding Category will be determined the Finalist and winner of the Category Award in place of the Grand Prize Winner.) In the event of a tie during any stage of the judging/winner determination process, all tied Entries will be voted on by the members of the celebrity Judging Panel. If the vote is split, the Head Judge will determine the winner. The Category Winners’ and Grand Prize Winner’s Entries will be designated as such and featured on the Competition Site on or about September 28, 2016.
